

## **Integrated Care DC Contracting Strategy Worksheet**

- 1. Who is the target population for the services my organization provides?**
- 2. Which Medicaid managed care health plans does my organization contract with?**
- 3. How many of each health plan's members are assigned to my organization or would be potentially attributed to my organization as my active patients?**
- 4. What, if any, value-based payment arrangements do I have with each of those health plans?**
- 5. Given my services and the answer to question #3, what type of value-based payment arrangement is more appropriate for my organization?**
- 6. What metrics should I propose as appropriate to monitor the performance of my organization in a value-based payment arrangement?**
